The Village of Maywood, in partnership with the Illinois Department of Transportation, is hosting the fifth I-290 AWG meeting to continue discussions regarding proposed Eisenhower Expressway improvements. **At AWG meeting #4, which was held on June 23, 2016**, IDOT presented further studies on Alternatives 1 and 6 and recommended Alternative 6, which includes keeping all existing expressway ramps open and results in the best overall local and mainline traffic and operational improvements.

Meeting Topics:

- Preferred Alternative
- Noise Wall Study Update
- Next Steps

The AWG meetings are open to the public and there will be an opportunity for audience members to ask questions following the presentation and agenda items. For more information about the AWG, please contact the **Maywood Village Manager's office at 708-450-6303**.
